

AP World Literature 4

2017-2018

Mr. Chalecki

Literature is the examination of our human nature and human condition through the study of poetry, novels, short stories, plays, and other genres of literature. For our class, we will use a Reader and Writer's Notebook to help us critically reflect and respond to themes and subjects of literature, such as alienation, identity, justice, fate, and many more. Also, the notebook will help us develop and enhance our writer's voice. To set the tone for the class, decorate your Reader's and Writer's Notebook with the following items.

- . (a) art - (photograph, drawing, painting)
- . (b) a person of interest
- . (c) a hobby
- . (d) a food/or place to eat
- . (e) a color
- . (f) a place to visit or would like to visit
- . (g) a social problem you would like to help solve
- . (h) an idea that you are passionate about
- . (i) a line or two from your #1 song
