Travel Decisions

We determine the safety of our travel decisions from information gathered from the US State Department Travel Advisories, from the travel advisories posted by the country of travel, and from discussions with our sister-schools and other contacts in a country. We check advisories 6 months before, 3 months before, and again just before purchasing plane tickets for any given trip. We will cancel a trip if travel advisories here or abroad are elevated for a particular country or if specific warnings exist saying US citizens are being targeted. We purchase travel insurance for our flights, so if a study tour is cancelled for safety reasons, deposits will be refunded.

Payment Schedule

Payments can be made according to our schedule below, or in a lump sum, or you may contact Ms. Parham to request a different payment plan. We ask that, if you need an extended payment plan for a November trip, you begin payments over the summer. All payments are refundable until plane tickets are purchased.

Traveling

Passport

- Make a copy (keep separate from passport) and memorize your number, date, and place of issue in case it gets lost. Leave a copy of your passport (picture page) with your parents/guardians. We will have a copy in CGS, too.
- Get a special travel pack (money belt, neck pouch) for valuables including your passport. You will need your passport to change money and for flights in/out of the country.

Money

- Cash and/or Debit Cards (best exchange rate): Get a 4-digit password.
- Credit cards are accepted in major cities, but not in rural areas.
- Traveler's checks are not recommended at this point.
- The amount of spending money to bring is up to the individual.

Packing & Clothing

- Comfortable shoes—Sneakers are ideal. Don't let blisters slow you down!
- Pajamas (your classmates and host families will see you in your pajamas)
- Bring clothes that mix & match, hide stains, and resist wrinkles.
- Bring extra socks, underwear, and other inner-wear to last the trip. You may not be able to do laundry.
- ***Don't over pack.*** It is OKAY to wear the same outer-outfit for a few days.
- Special Clothing:
 - Trips to Japan will require the school's uniform
 - Some trips will require one slightly dressy, conservative outfit
- NO tank/spaghetti strapped tops, low-cut tops, midriff tops, low-rise pants or ripped jeans.
- Be conservative in your clothing, accessories, hair, and makeup.
- Remember to leave room in your luggage for gifts and souvenirs that you will buy.

Laundry

Don't count on having access to do laundry. In emergencies, you can ask to do a load of laundry at your host family's apartment. You can also hand-wash garments at night in the hotel. In general, be ready to recycle outer-garments.

Personal Hygiene

Even if you can't do laundry regularly, make a plan so you don't get funky. Be considerate of your bus-mates.

Luggage

- One checked bag.
 - Typically, a bag must weigh under 40 LB. Most airlines require dimensions not exceeding 30" x 18" x 10"

- One carry-on bag (a small backpack or shoulder bag is recommended) which can also be used for touring.
 - Pack a toothbrush, small toothpaste, deodorant, and floss for the long trip.
- Toiletries - pack liquid items in Ziploc bags to prevent leaks; only pack travel size bottles, none over 3 ounces. Extra Ziploc bags are a good idea to keep your luggage contents organized and give you more space for new purchases.

- Do not eat raw vegetables or unwashed fruits.

Electricity

- There are 2 types of adjustments for electricity: converters, which change the voltage, and adaptors, which change the shape of the plug-in. Most phones do not need converters.
- Use the chart below to find the voltage (V) for each country. Then, check the back of your device to see if you need a voltage converter.

Health Forms

All students traveling abroad must complete a health form for the BMHS school nurse (this is part of the permission slip form). If the student has any medication on file with the nurse's office, or if the nurse is aware of any other medication a student normally takes or plans on taking, the health form **MUST** be signed by a physician indicating that the student can self-administer the medication. (The health form is included in the Forms Packet.)
